The Circular Economy Action Plan: from Proposal to Reality

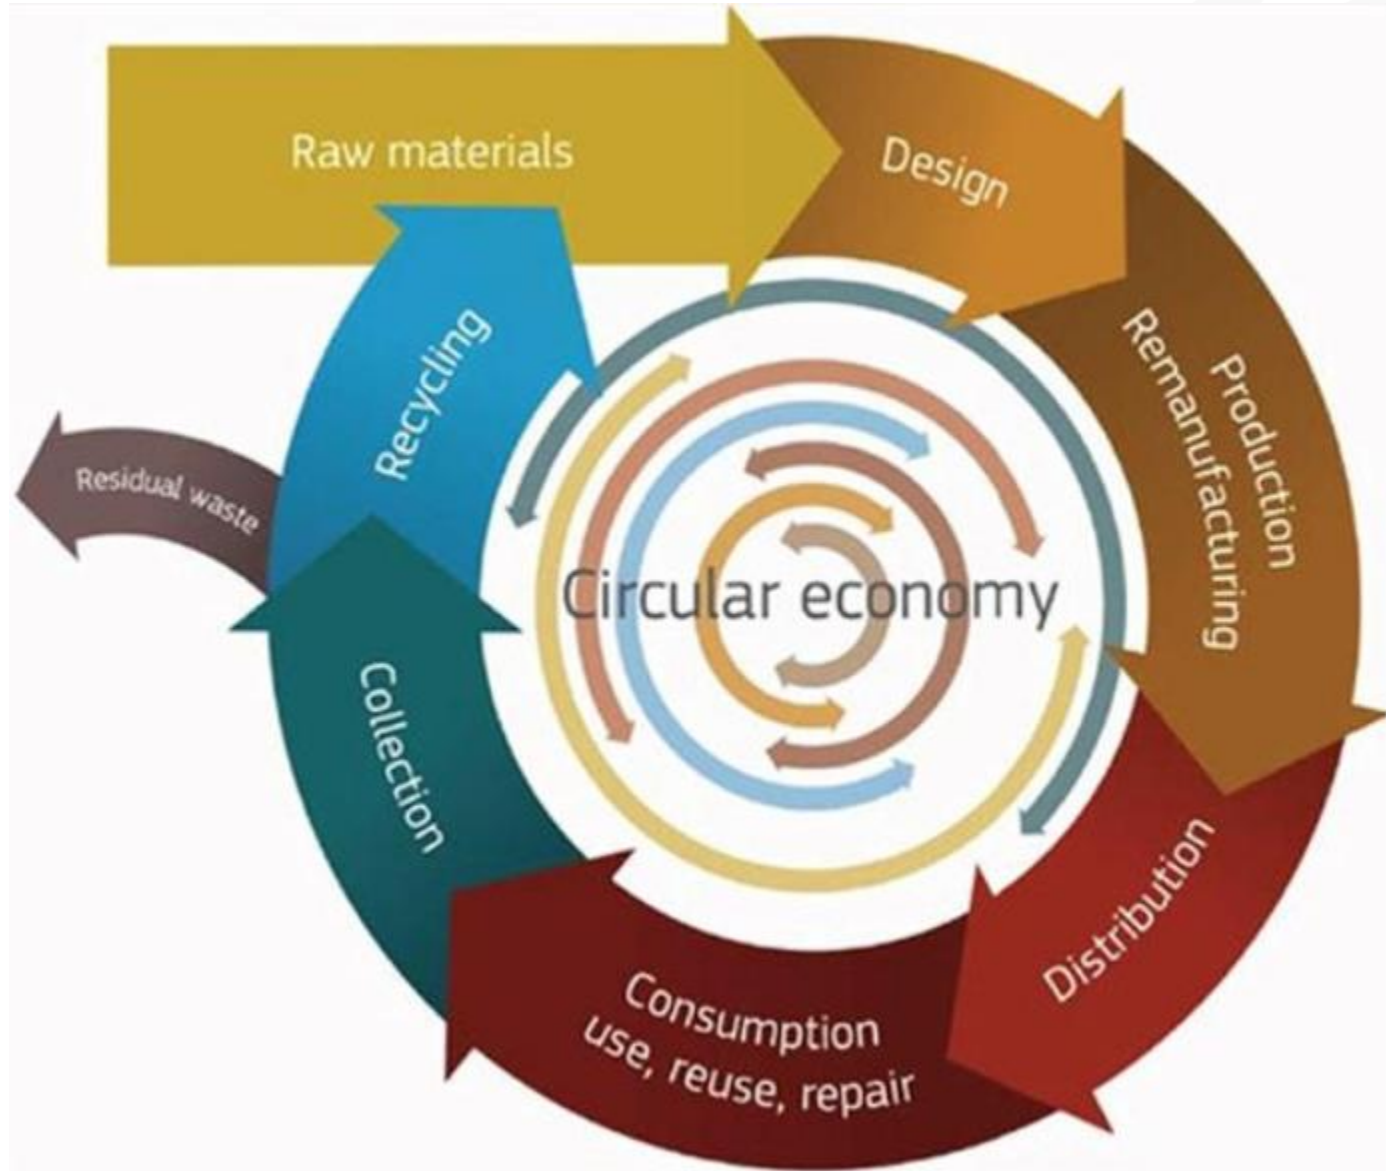

Aurelio Braconi

Circular Economy and Raw Materials – Senior Manager

EUROFER
THE EUROPEAN STEEL ASSOCIATION

Input raw materials

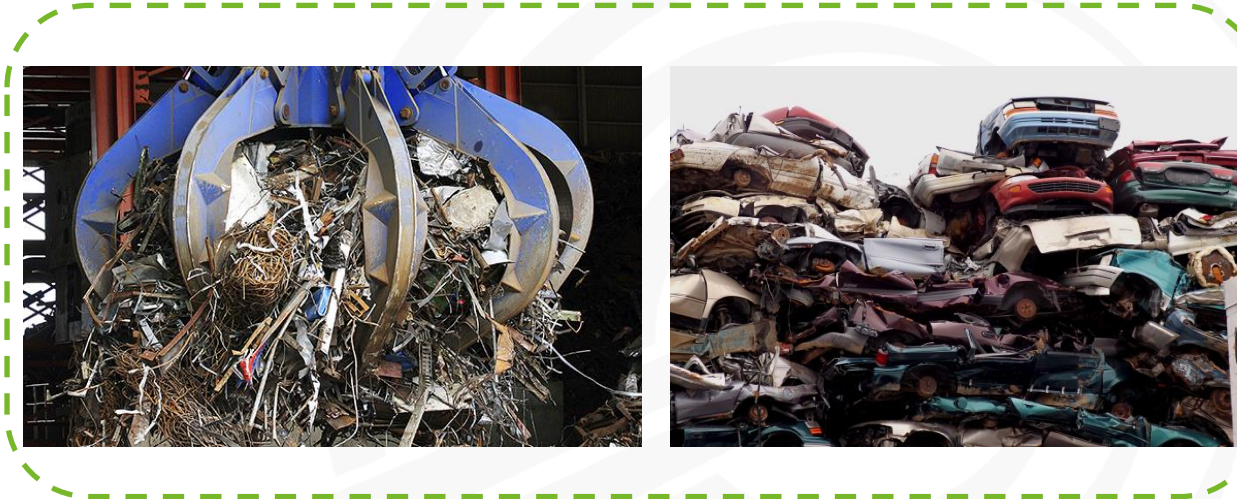

Chemicals Policy

Sustainable Products

Industrial synergies

The input mix for a 'Circular Material': steel

Designing sustainable products

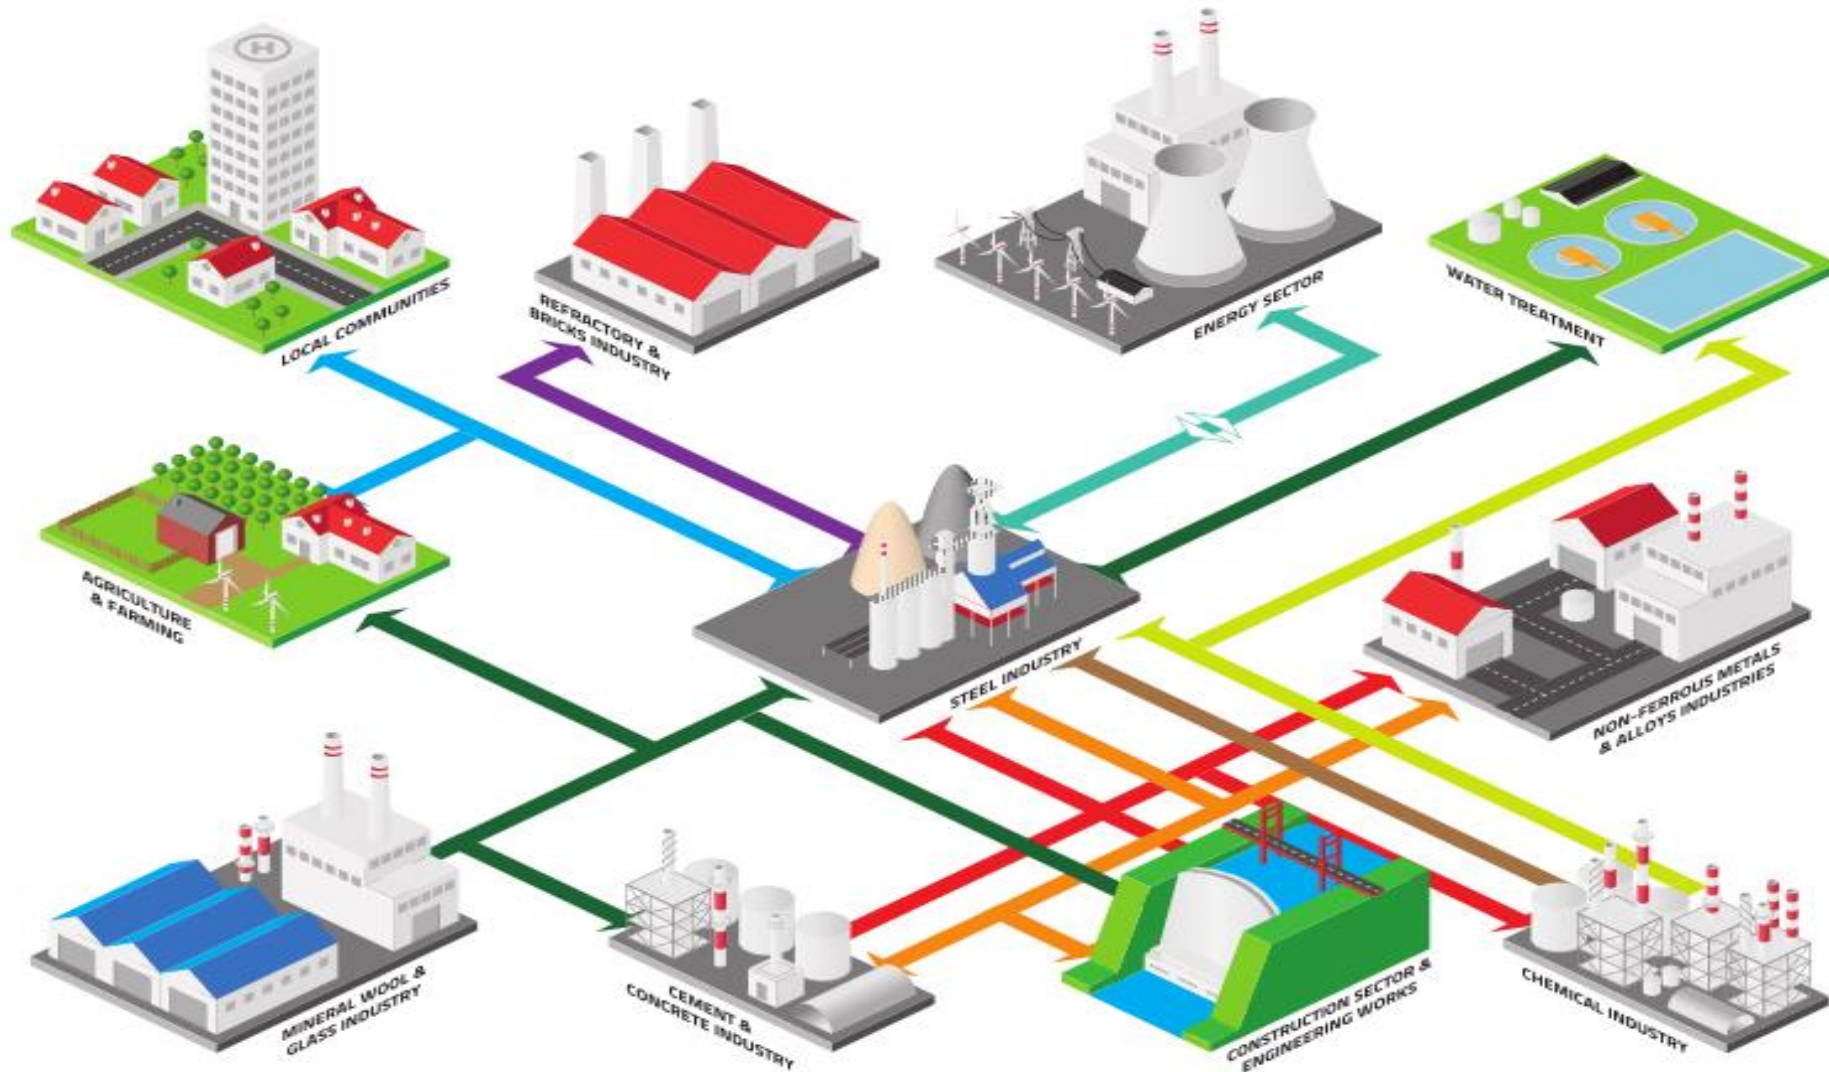

Sustainability criteria

LCA / PEF

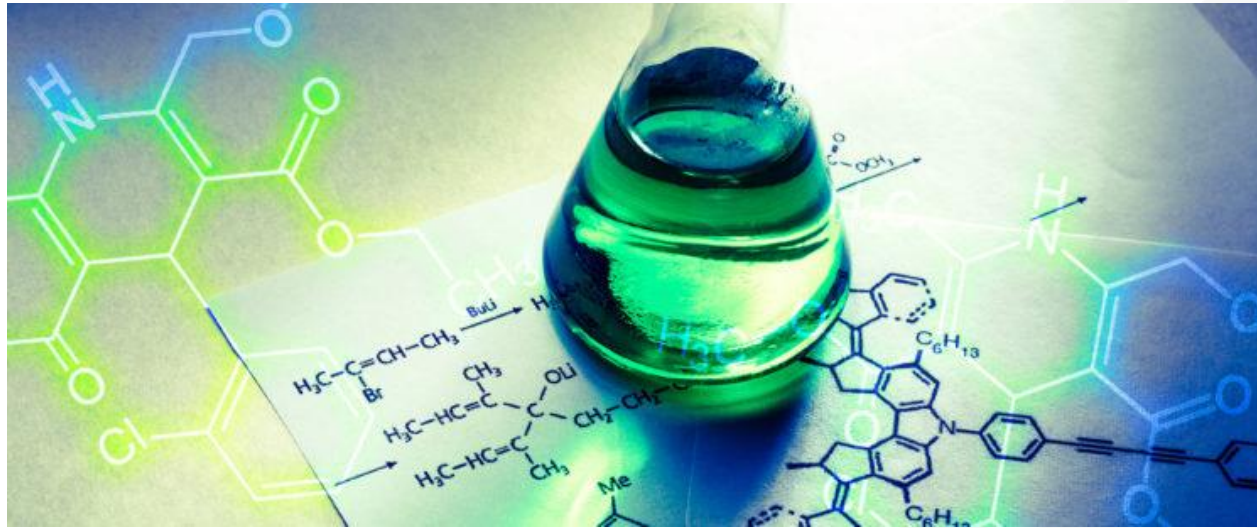

Aligned principles

Recyclability

Eco-design

- Chemical compound
- Dust
- Heat
- Ferrous slag
- Used bricks & refractories
- Mill scale & iron oxide
- Process gases
- Sludge
